A newly revised edition of an American classic, Sam Shepard's Pulitzer Prize—winning *Buried Child* is as fierce and unforgettable as it was when it was first produced in 1978. A scene of madness greets Vince and his girlfriend as they arrive at the squalid farmhouse of Vince's hard-drinking grandparents, who seem to have no idea who he is. Nor does his father, Tilden, a hulking former All-American footballer, or his uncle, who has lost one of his legs to a chain saw. Only the memory of an unwanted child, buried in an undisclosed location, can hope to deliver this family from its sin. The setting is a farmhouse in the American West, inhabited by a family who has enough to eat but not enough to satisfy the other hungers that bedevil them. The father is a drunk; the mother a frowzy slattern; the daughter precocious beyond her years; and the son a deranged idealist. As the family decides to sell the house to raise money, the mother talks of running off to Europe or Mexico; the father sobers up and tries to take control; the daughter is blown up in the family car; and the son is left brutalized and bloodied. In the end the characters become a metaphor for the underside of American life—benighted innocents pursuing a dream that remains beyond their reach. Currently a critical and box office sensation, Sam Shepard's newest play is amasterpiece of poetic and theatrical brilliance that looks unerringly at loveand family in the American West. Motel Chronicles reveals the fast-moving and sometimes surprising world of the man behind the plays that have made Sam Shepard a live legend in the theater. Shepard chronicles his own life birth in Illinois, childhood memories of Guam, Pasadena and rural Southern California, adventures as ranch hand, waiter, rock musician, dramatist, and film actor. Scenes from this book form the basis of his play Superstitions, and of the film (directed by Wim Wenders) Paris, Texas, winner of the Golden Palm Award at the 1984 Cannes Film Festival. Friends since 1964, correspondents since 1972, playwright Sam Shepard and director Joseph Chaikin established independent reputations - Chaikin with such Open Theatre landmarks as America Hurrah and The Serpent; Shepard with celebrated plays, including The Tooth of Crime - before becoming close collaborators in 1978. The texts of their remarkable creations - Tongues, Savage / Love and The War in Heaven - are included here, together with notes and - most important - the deeply personal, exploratory letters which detail their passionate pursuit of a new language for the stage. Few American playwrights have exerted as much influence on the contemporary stage as Sam Shepard. His plays are performed on and off Broadway and in all the major regional American theatres. They are also widely performed and studied in Europe, particularly in Britain, Germany and France, finding both a popular and scholarly audience. In this collection of seventeen original essays, American and European authors from different professional and academic backgrounds explore the various aspects of Shepard's career - his plays, poetry, music, fiction, acting, directing and film work. The volume covers the major plays, including Curse of the Starving Class, Buried Child, and True West, as well as other lesser known but vitally important works. A thorough chronology of Shepard's life and career, together with biographical chapters, a note from the legendary Joseph Chaikin, and an interview with the playwright, give a fascinating first-hand account of an exuberant and experimental personality. Brilliant, prolific, uniquely American, Pulitzer prizewinning playwright Sam Separd is a major voice in contemporary theatre. And here are seven of his very best. "One of the most original, prolific and gifted dramatists at work today."—The New Yorker "The greatest American playwright of his generation...the most inventive in language and revolutionary in craft, [he] is the writer whose work most accurately maps the interior and exterior landscapes of his society."—New York Magazine "If plays were put in time capsules, future generations would get a sharp-toothed profile of life in the U.S. in the past decade and a half from the works of Sam Shepard."—Time "Sam Shepard is the most exciting presence in the movie world and one of the most gifted writers ever to work on the American stage."—Marsha Norman, Pulitzer prizewinning author of 'Night, Mother. "One of our best and most challenging playwrights...his plays are a form of exorcism: magical, sometimes surreal rituals that grapple with the demonic forces in the American landscape."—Newsweek "His plays are stunning in thier originality, defiant and inscrutable."—Esquire "Sam Shepard is phenomenal..the best practicing American playwright."—The New Republic Analyse: Personnages: 2 femmes, 7 hommes. The complete scripts to six Sam Shepard plays: The Unseen Hand, Forensic and the Navigators, The Holy Ghostly, Back Bog Beast Bait, Shaved Splits, 4-H Club. Aeschylus, Sophocles and Euripides all used the character Electra to reveal the social structure of ancient Greece. Shakespeare exploited elements of the Electra myth in Hamlet, and modern playwrights such as Wilde, O'Neill and Sarte have revitalized the story to dissect modern society. The Electra myth is periodically used by literary thinkers to question the male-dominated society, reexamining the established political and psychological separation of men and women. Set within the netherworld of thoroughbred racing, this hair-raisingly funny new play by the Pulitzer Prize-winning author of True West explores the classical themes of memory, loyalty, and restitution. Simpatico launches readers into regions where high society meets the low life, and where, as one of the main characters observes, "someone is cutting someone else's throat."
