The aim of this textbook is to enable student teachers to learn to teach history in a way that pupils will find interesting, enjoyable and purposeful. It incorporates a wide range of ideas about the teaching of history with practical suggestions for classroom practice. This is the third edition of a textbook that has established itself as the leading text for student teachers of history. It has been thoroughly updated, with a revised chapter on the use of ICT in history teaching and major new sections in the areas of inclusion, resources, assessment and professional development. It provides an array of references and materials that give a sound theoretical foundation for the teaching of history, including weblinks to further resources. A range of tasks enable students to put their learning into practice in the classroom. The book also provides reference and access to a wide range of recent and relevant research in the field of history education, which will be of use to student teachers pursuing courses that have a Masters Level component. In all, it is an invaluable resource for student and beginning history teachers. *Becoming an Outstanding Music Teacher* shows how music teachers can provide a curricular and co-curricular experience to inspire and engage students, deliver memorable music lessons, and give every child access to great music. Drawing on a decade of education research, this book focuses on the three facets of music teaching: performance, composition, and how to listen, understand, and explain. This practical book argues that the future of music teaching is best assured by filling classrooms with knowledge and with passion, by informing teaching through intentional use of good research, and by building effective relationships. Exploring what makes music teachers stand out, as well as that which links them with all other teachers, this book covers a vital and diverse range of lesson ideas and practical guidance, including:

Teaching music through composition Making the most of the rehearsal room and directing an ensemble How to make best use of classroom time Setting goals, assessment, deliberate practice, and feedback Mastery in music Encouraging all music teachers to reflect upon and develop their craft, this text is essential reading for both newly qualified and experienced music teachers alike. "What a fantastic book! A truly great idea. I wish the book had been around years ago when I was doing my O and A levels. Rob makes some excellent points and the book is full of good sense." - Lorna Read, Editor, Writing Ltd Each of the twenty-two tales in this enchanting collection is a surprise and a delight, melding the poignant and the possible with the outrageous, the magical, and, sometimes, the eerily haunting. Wolf men, dolphin women, defiant old ladies, and middle-aged manufacturers of erotic leatherwear -- in Jigs & Reels the miraculous goes hand in hand with the mundane, the sour with the sweet, and the beautiful, the grotesque, the seductive, and the disturbing are never more than one step away. Whether she's exploring the myth of beauty, the pain of infidelity, or the wonder of late-life romance, Joanne Harris once again proves herself a master of the storyteller's trade. This text offers comprehensive exam advice to help student prepare effectively for the exam. This book explores how history teaching can support conflict reduction in deeply divided societies. Using Northern Ireland as its case study, the work contributes to how people think about the identity-based conflict that surrounds them and involves them. It also acts as a manual for those who wish to undertake projects to change attitudes about history in post-conflict societies.
