At the greatest moments and in the cruelest times, black women have been a crucial part of America's history. Now, the inspiring history of black women in America is explored in vivid detail by two leaders in the fields of African American and women's history. *A Shining Thread of Hope* chronicles the lives of black women from indentured servitude in the early American colonies to the cruelty of antebellum plantations, from the reign of lynch law in the Jim Crow South to the triumphs of the Civil Rights era, and it illustrates how the story of black women in America is as much a tale of courage and hope as it is a history of struggle. On both an individual and a collective level, *A Shining Thread of Hope* reveals the strength and spirit of black women and brings their stories from the fringes of American history to a central position in our understanding of the forces and events that have shaped this country.

A Brave Mouse, a Covetous Rat, a Wishful Serving Girl, and a Princess Named Pea come together in Kate DiCamillo's Newbery Medal-winning tale. Welcome to the story of Despereaux Tilling, a mouse who is in love with music, stories, and a princess named Pea. It is also the story of a rat called Roscuro, who lives in the darkness and covets a world filled with light. And it is the story of Miggery Sow, a slow-witted serving girl who harbors a simple, impossible wish. These three characters are about to embark on a journey that will lead them down into a horrible dungeon, up into a glittering castle, and, ultimately, into each other's lives.

What happens then? As Kate DiCamillo would say: Reader, it is your destiny to find out. With black-and-white illustrations and a refreshed cover by Timothy Basil Ering. Time is the most important commodity on Earth, we live by it and we die by it, it gives order to our lives and we control all of our modern society using time and its modern instruments. We think we have mastered time, what if we are wrong? We are told in the Bible in Genesis 1 verse 14, that our ancestors measured time by the stars and moon and we are told by evolutionists that ancient people used basic astronomy to achieve a crude understanding of time. What if the war between science and religion has psychologically obscured an obvious and indisputable fact from us all? If our ancestors could measure time accurately, then all our science and technical achievements would have been inherited in a tree of knowledge that brought us to where we are today. What if the Church in its desperate struggle to keep a profitable business alive and functioning has created such division over the ages that we do not understand the simple messages left by our ancestors on the real nature of time. What if both church and crown in their pact to rule Europe, obscured a scientific system inherited from Palaeolithic and Neolithic sea faring hunter gatherers that was used for thousands of years to keep time while measuring and travelling the planet and developing a philosophy that maintained a balance with Nature? There is a golden thread of truth running through our history that millions cannot see, but that if we did, it may give us hope for our children in a world adrift without an anchor, where time runs faster, exploitation is rife and honesty is a bye word from a lost time, imagined to be better, where society cared about its people and families about their children living by rules that were easy to understand and no one old, poor or disabled

lived in isolation. The Golden Thread of Time is designed to give hope where it does not exist, providing answers where there have been none while motivating people to look beyond the mundane toward the light. Do you care? This hip coffee-table book features stunning photos of A-list celebrities--Carol Burnett, Glenn Close, Whoopi Goldberg, and others wearing the same funky sweater--all to benefit AIDS research. The jaw-dropping, page-turning, critically-acclaimed book of the year: a serial-killer thriller unlike any other from the award-winning Lauren Beukes. 'GONE GIRL has not exactly gone. But THE SHINING GIRLS have arrived' (The Times). Beautifully designed and gorgeously illustrated, this immersive, puzzle-like exploration of the history and psychology of mazes and labyrinths evokes the spirit of Choose Your Own Adventure, the textual inventiveness of Tom Stoppard, and the philosophical spirit of Jorge Luis Borges. Labyrinths are as old as humanity, the proving grounds of heroes, the paths of pilgrims, symbols of spiritual rebirth and pleasure gardens for pure entertainment. Henry Eliot leads us on a twisting journey through the world of mazes, real and imagined, unraveling our ancient, abiding relationship with them and exploring why they continue to fascinate us, from Kafka to Kubrick to the myth of the Minotaur and a quest to solve the disappearance of the legendary Maze King. Are you ready to step inside? In the fourth and final installment of David Downing's spy series, Jack McColl is sent to Soviet Russia, where the civil war is coming to an end. The Bolsheviks have won but the country is in ruins. With the hopes engendered by the revolution hanging by a thread, plots and betrayals abound. London, 1921: Ex-Secret Service spy Jack McColl is in prison serving time for assaulting a cop. McColl has been embittered by the Great War; he feels betrayed by the

country that had sent so many young men to die needlessly. He can't stomach spying for the British Empire anymore. He's also heartbroken. The love of his life, radical journalist Caitlin Hanley, parted ways with him three years earlier so she could offer her services to the Communist revolution in Moscow. Then his former Secret Service boss offers McColl the chance to escape his jail sentence if he takes a dangerous and unofficial assignment in Russia, where McColl is already a wanted man. He would be spying on other spies, sniffing out the truth about MI5 meddling in a high-profile assassination plot. The target is someone McColl cares about and respects. The MI5 agent involved is someone he loathes. With the knowledge that he may be walking into a death trap, McColl sets out for Moscow, the scene of his last heartbreak. Little does he know that his mission will throw him back into Caitlin's life—or that her husband will be one of the men he is trying to hunt down. Discussing intersecting discourses of race, gender and empire in literature, history and contemporary culture, the book begins with the metaphor of 'the other woman' as a repository for the 'otherness' of all women in a masculinist-racist society and shows how discourses of race and sexuality thwart the realization of true inter-racial sisterhood. Because women read books differently than guys do... Every woman knows ... books are more than a way to kill time on the bus — they're therapy that fits in our bag. Whether we're wallowing in a sullen perennial adolescence or our biological clock is ringing and we can't find the snooze button, books are the dog-eared friends that help us deal with our baggage as we navigate life's journey. Now Bibliotherapy prescribes the best of classic and contemporary Chick Lit that women turn to again and again — for inspiration (*A Tree Grows in Brooklyn*) ... for escape (*Ladder of Years*) ... for revenge

against the patriarchy (Our Blood) ... and for bonding with our girlfriends (Waiting to Exhale). Upper-thigh spread sparking a midlife crisis? Plus: *Doomed but Inspired Heroes ... Books to Read When You're Sick of Your Career and Are Seriously Considering Taking Up Alpaca Ranching in Peru ... Spirituality is the shining thread that runs through every motif of the rich and complex tapestry that is India. It is not only worship in temple, mosque or church, in gurudwara or agiary, that defines the faith of Indians - it is their ordinary, everyday kind of spirituality that serves as an axis, balancing the temporal with the eternal. The *Sacred India Book* seizes and distils this ephemeral quality often described as 'the Spirit of India'. Amit Pasricha seeks out meditative moments and momentous ones, exalted moments and exultant ones - the eternal quality of a weathered cross overlooking a windswept beach, the ecstatically outstretched hands of Holi celebrants at Vrindavan, the quiet faith of a woman as she ties a piece of coloured thread on the latticed

screen of a shrine. His photographs lay before the viewer the colourful, intricate mosaic of Indian religion, spirituality, ritual and tradition: images of religious art such as the living, writhing energy of unfinished idols in a potter's shed in Kolkata; the making of religious music a Buddhists chant from atop icy mountains; the richness of religious traditions in the pristine precision of a Parsi ritual. Amit Pasricha's masterful use of the panoramic format - in unintentional but fitting consonance with the wide, encompassing nature of the sacred in India - and Bharati Motwani's insightful text make The Sacred India Book a limited edition to be preserved and treasured. A hard hitting, brutally honest account of police work during the late 1960's and 1970's. Whilst explicit, it is often humorous, refreshing and equally unbelievable. In this first book of a trilogy the author takes the reader through his early police service and in doing so reveals many working practices which in reality have become a culture of dishonesty, lies and often stupidity which has been accepted by the Government of the day, the judiciary and the public at large for many years. That is until the present day when it has all gone so wrong. Very, very wrong with the revelations of the Hillsborough Investigation, the Jimmy Savile Investigation, so many more and even 'Plebgate' when The Biggest Gang believed they were so powerful that evidence against Andrew Mitchell, a member of Her Majesty's Government left so many questions, yet to be answered. This book explains that such examples are not typical of a minority rogue element as being claimed but are a dishonest culture, born so long ago but allowed to fester and grow with the many examples and revelations which have continued until today with Hillsborough as only one shocking example. Helicopters patrolled low over the city, filming blocks of burning cars and

buildings, mobs breaking into storefronts, and the vicious beating of truck driver Reginald Denny. For a week in April 1992, Los Angeles transformed into a cityscape of rage, purportedly due to the exoneration of four policemen who had beaten Rodney King. It should be no surprise that such intense anger erupted from something deeper than a single incident. In *The Contested Murder of Latasha Harlins*, Brenda Stevenson tells the dramatic story of an earlier trial, a turning point on the road to the 1992 riot. On March 16, 1991, fifteen-year-old Latasha Harlins, an African American who lived locally, entered the Empire Liquor Market at 9172 South Figueroa Street in South Central Los Angeles. Behind the counter was a Korean woman named Soon Ja Du. Latasha walked to the refrigerator cases in the back, took a bottle of orange juice, put it in her backpack, and approached the cash register with two dollar bills in her hand—the price of the juice. Moments later she was face-down on the floor with a bullet hole in the back of her head, shot dead by Du. Joyce Karlin, a Jewish Superior Court judge appointed by Republican Governor Pete Wilson, presided over the resulting manslaughter trial. A jury convicted Du, but Karlin sentenced her only to probation, community service, and a \$500 fine. The author meticulously reconstructs these events and their aftermath, showing how they set the stage for the explosion in 1992. An accomplished historian at UCLA, Stevenson explores the lives of each of these three women—Harlins, Du, and Karlin—and their very different worlds in rich detail. Through the three women, she not only reveals the human reality and social repercussions of this triangular collision, she also provides a deep history of immigration, ethnicity, and gender in modern America. Massively researched, deftly written, *The Contested Murder of Latasha Harlins* will reshape our understanding of

race, ethnicity, gender, and-above all-justice in modern America. Women such as Venus and Serena Williams, Condoleezza Rice, Carol Moseley Braun, Ruth Simmons, and Ann Fudge have become household names for their remarkable contributions to sports, politics, academia, and business. In nearly 600 entries, *Black Women in America* celebrates the remarkable achievements of black women throughout history, highlights their ongoing contributions in America today, and represents the new research the first edition helped to generate. In unrelenting flow of choices confronts us at nearly every moment of our lives, and yet our culture offers us no clear way to choose. This predicament seems inevitable, but in fact it's quite new. In medieval Europe, God's calling was a grounding force. In ancient Greece, a whole pantheon of shining gods stood ready to draw an appropriate action out of you. Like an athlete in "the zone," you were called to a harmonious attunement with the world, so absorbed in it that you couldn't make a "wrong" choice. If our culture no longer takes for granted a belief in God, can we nevertheless get in touch with the Homeric moods of wonder and gratitude, and be guided by the meanings they reveal? *All Things Shining* says we can. Hubert Dreyfus and Sean Dorrance Kelly illuminate some of the greatest works of the West to reveal how we have lost our passionate engagement with and responsiveness to the world. Their journey takes us from the wonder and openness of Homer's polytheism to the monotheism of Dante; from the autonomy of Kant to the multiple worlds of Melville; and, finally, to the spiritual difficulties evoked by modern authors such as David Foster Wallace and Elizabeth Gilbert. Dreyfus, a philosopher at the University of California, Berkeley, for forty years, is an original thinker who finds in the classic texts of our culture a new

relevance for people's everyday lives. His lively, thought-provoking lectures have earned him a podcast audience that often reaches the iTunesU Top 40. Kelly, chair of the philosophy department at Harvard University, is an eloquent new voice whose sensitivity to the sadness of the culture—and to what remains of the wonder and gratitude that could chase it away—captures a generation adrift. Re-envisioning modern spiritual life through their examination of literature, philosophy, and religious testimony, Dreyfus and Kelly unearth ancient sources of meaning, and teach us how to rediscover the sacred, shining things that surround us every day. This book will change the way we understand our culture, our history, our sacred practices, and ourselves. It offers a new—and very old—way to celebrate and be grateful for our existence in the modern world. Each of these essays illuminates an important dimension of the complex array of Black male experiences as workers, artists, warriors, and leaders. The essays describe the expectations and demands to struggle, to resist, and facilitate the survival of African American culture and community. Black manhood was shaped not only in relation to Black womanhood, but was variously nurtured and challenged, honed and transformed against a backdrop of white male power and domination, and the relentless expectations and demands on them to struggle, resist, and to facilitate the survival of African-American culture and community. American pop music is arguably this country's greatest cultural contribution to the world, and its singular voice and virtuosity were created by a shining thread of Black women geniuses stretching back to the country's founding. This is their surprising, heartbreaking, soaring story—from “one of the generation's greatest, most insightful, most nuanced writers in pop culture” (Shea Serrano) “Sparkling . . . the overdue singing

of a Black girl's song, with perfect pitch . . . delicious to read."—Oprah Daily **ONE OF THE BEST BOOKS OF THE YEAR**: San Francisco Chronicle, NPR, The Root, Variety, Esquire, The Guardian, Newsweek, Pitchfork, She Reads, Publishers Weekly **SHORTLISTED FOR THE PORCHLIGHT BUSINESS BOOK AWARD** A weave of biography, criticism, and memoir, *Shine Bright* is Danyel Smith's intimate history of Black women's music as the foundational story of American pop. Smith has been writing this history for more than five years. But as a music fan, and then as an essayist, editor (Vibe, Billboard), and podcast host (Black Girl Songbook), she has been living this history since she was a latchkey kid listening to "Midnight Train to Georgia" on the family stereo. Smith's detailed narrative begins with Phillis Wheatley, an enslaved woman who sang her poems, and continues through the stories of Mahalia Jackson, Dionne Warwick, Aretha Franklin, Gladys Knight, and Mariah Carey, as well as the under-considered careers of Marilyn McCoo, Deniece Williams, and Jody Watley. *Shine Bright* is an overdue paean to musical masters whose true stories and genius have been hidden in plain sight—and the book Danyel Smith was born to write. *Images of Black Women from Colonial America to the Present*. There are not many people who learn to cross the membrane between the visible, tangible world into the invisible, non-tangible world, yet the author has accomplished this brilliantly. His journey stories will take you from physical and non-physical aborigines in the bush, to lines and balls of light, and on to the distant stars, yet all have one thing in common: authenticity. It is only when you have made similar journeys that you know the authenticity of another person's account. This is an excellent book. **MICHAEL J.
